**Bath Township Celebrates New Swingset Installation at Bath Hill Park  
Community Comes Together to Enhance Local Recreation**

Bath Township, OH—Bath Township is pleased to announce the installation of a brand-new swingset at Bath Hill Park, providing an exciting new feature for residents and visitors to enjoy. This project was made possible through a generous \$5,000 donation from the Bath Park Board, which received this funding through a Bath Community Fund grant.

The swingset, installed by Myer Design, Inc., is now ready for use and is expected to be a popular addition to the park's existing amenities. The new equipment not only enhances the recreational opportunities at Bath Hill Park but also represents the strong community spirit that Bath Township is known for.

Bath Township is thrilled to see this project come to life and provide the community with another space for children and families to gather and enjoy the outdoors. This project is a testament to what can be achieved when the community comes together. The township is incredibly grateful to the Bath Park Board and the Bath Community Fund for their continued support of the township parks and their commitment to improving the quality of life for Bath residents.

The Bath Park Board's dedication to enhancing the local parks has been a cornerstone of the township's ongoing efforts to create inviting and safe recreational spaces for all ages. The Bath Community Fund, known for its commitment to fostering a vibrant and sustainable community, played a crucial role in making this project possible through its generous grant.

The township invites all residents to visit Bath Hill Park and experience the new swingset. This addition is part of Bath Township's broader initiative to continuously improve and maintain our parks, ensuring they remain welcoming and enjoyable spaces for everyone.

Bath Hill Park is a 16-acre parcel located at 763 N. Revere Road, Akron, Ohio, 44333. The park features tennis, pickleball, basketball, perimeter trail, playground, and swingset.
